Strategic Advisory Group (SAG)

Introduction
The coordination function seeks to engage many Cluster participants, representing various stakeholder groups, in decision-making through consensus management. The process confers legitimacy only through maximising participation and inclusivity. It is difficult to manage large numbers adequately in emergency settings. The key to good Cluster coordination management practice in emergencies, therefore, is to limit representation. This is best achieved through the establishment of a ‘Strategic Action Group’ typically made up of one individual from the following organizations:

i. Government
ii. Cluster Lead Coordinator
iii. IFRC and National Society
iv. UN Agency
v. Donor (ECHO, USAID (and DART), other Bi-laterals)
vi. 1-2 Large International NGOs (or forums where such exist in-country)
vii. 1 x Small International NGO
viii. 2 x National NGOs (or forums where such exist in-country)
ix. Early Recovery Cluster Focal Point
x. Other Cluster Coordinators depending on the agenda

To this list could be added as Observers:

xi. ICRC
xii. MSF
xiii. OCHA Cluster Coordinator

This small representative group of no more than fifteen people can be facilitated by the Cluster Coordinator or a representative from a cluster partner agency. Co-chairing with the Government representative is preferred. Those representing larger NGO constituencies can rotate but this is up to the various NGO to decide. The meetings are called by the Cluster Coordinator according to need. As a guide, this is likely to be three or four times in the first week of response, becoming weekly for the next three weeks, and monthly thereafter. Meetings should be held according to ‘Chatham House Rules’ i.e comments are incorporated but are not attributable to any particular organization.
